March 25, 2025

Dear Webutuck Families,

This morning, a student reported a possible threat to our school community. As always, we take any potential threat very seriously. Upon learning of this information, we commenced an investigation that included the Dutchess County Sheriff's Department and a short hold-in-place procedure.

As the safety and well being of our students and staff are our highest priority, we have worked closely with the Sheriff's Department in investigating this situation. While the investigation is ongoing, the Sheriff's Department is **not** considering this to be a credible threat, and as such, all school activities and events will take place as scheduled.

We are sharing this information in order to provide our faculty, staff, and parents with as much information as possible and to assure our students and families that they are safe in our schools.

As a reminder, we encourage students, families, and staff to report any information of this nature to school officials as soon as possible so it may be properly investigated.

Respectfully,

Raymond Castellani  
Superintendent of Schools
