

# Presenters Needed for Career Day

Webutuck High School will be holding a Career Day for students. The goal of this day is to help students see the infinite possibilities that exist for them as they plan for their 'work life' after school. It can also help them see the connections that exist between what they are learning in school and possible future occupations.

At this time we are in need of speakers who would be willing to volunteer time sharing their world of work with our students. All careers, professions and occupations are invited. This is an opportunity to inspire students by sharing your commitment and passion for what you do.

If you (or someone you know) would be interested in coming to Webutuck High School on Wednesday, October 9<sup>th</sup> from 8:15 - 11:30; to speak about a career for 3-forty minute sessions, with approximately 20 students per session, please complete the information on the back of this page or email me at [lbuckley19@optimum.net](mailto:lbuckley19@optimum.net) by Sept. 12, 2019. Please consider joining us on this day as we help get students excited about all that is possible for their future.

Thank you.

Sincerely,

Career Day Committee

Lynn Buckley, Katy McEnroe, Jonathan Scarinzi, Nicole Charriez

# Presenters Needed for Career Day

I am interested in presenting at Webutuck's Career Day on October 9<sup>th</sup> from 8:15- 11:30.
