Dear Warrior Families,

Tomorrow represents the second Wednesday of hybrid learning. This is important for several reasons, one of which is to allow for a district wide deep cleaning. Please keep in mind that the Wednesday schedule is one that will remain in place until further notice, so please become acquainted with the format.

Here are some reminders for how we envision each Wednesday to look and feel.

#1) Students are NOT on their regular schedule on Wednesdays, except there WILL be Advisory for EBIS/WHS students at some point in the day. WES students will be logging into Seesaw to attend their daily special, which has been recorded ahead of time and posted. Therefore, your child can log in and complete at their leisure. Each Advisory teacher will let their classes know what time they will be meeting via an invitation in their Google Classrooms. **We want students to use Wednesday's to catch up on school work, take a bit of a break from too much time on the iPads, and use the day to reach out to teachers and building principals.**

#2) Teachers also hold office hours on Wednesdays. They will be sending **individual invitations** to students for either phone calls or Zoom meetings to engage in one on one time. If your student does not receive an invitation for an appointment, then they are free for the day. Students should log on Wednesday mornings **after 8AM** to check for invitations from teachers. Again, this will be a chance to work or communicate with teachers in a virtual, one on one environment, work on past due work, or engage in some additional instruction.

#3) Parents should also take advantage of Wednesdays to communicate with teachers to discuss any issues with school work. Good communication between teachers and parents is always essential, but it is as important as anything else we engage during remote learning instruction.

#4) Help Desk on Wednesdays with Mrs. Clapper from 9am until 3pm:

We are hopeful that our Wednesday schedule will grow in scope and depth over time and that any early wrinkles will be ironed out quickly. Please make every effort to take advantage of this day to use it for academic support, relationship building, and enrichment opportunities.
