

What is Work-Based Learning?

Work based learning provides students a realistic work experience that relates directly to their career goals. It assists in the further development of skills and positive attitudes toward work and school, and helps to ensure more successful employment in

What are the Components of the Program?

- Both Paid and Non-Paid work experiences
- Students work during school or after school/summer
- WBL Programs are part of student's CTE curriculum.
- Additional opportunities include Job Shadowing, Mentoring, Job Coach, Guest Speaking, and Company Tours.
- All WBL programs include classroom instruction aligned to CDOS standards.
- Students create resumes, portfolios, practice interview skills and soft job skills.
