

## ***Children First --You make the Difference***

### **WHO WE ARE**

The PTA is an advocacy organization consisting of parent and teacher volunteers who believe in promoting the education, safety and welfare of ALL children and youth. The PTA gives parents a stronger voice as advocates for our youth.

### **WHY WE NEED YOU**

We need your help in working together to support our children in their educational career. The PTA is always open to your suggestions and concerns. Please join us in our endeavors. Together, we can make a difference in your child's education.

### **HOW TO HELP**

Your \$6 membership donation can go a long way to help fund many programs that enrich your child's education. Be a part of PTA! Be an advocate for children and youth!  
Fill out the membership form and send it in along with your membership donation of \$6 to your child's teacher labeled **PTA Membership**.
